Finding Hope at Lighthouse Cove

Jessica Redland

Finding Hope at Lighthouse Cove Jessica Redland

When it feels like everything is against you, sometimes you just need a little bit of hope...

Married to her childhood sweetheart for over twelve years, Elise feels like starting a family is the next natural step. However her husband, Gary, has other ideas...

Suddenly single, Elise is completely heartbroken and struggling to start over on her own. But when she's enlisted to be bridesmaid to her best friend, Sarah, she has to put on a brave face, put her own feelings aside and find a way to get over Gary. Fast.

So when she meets handsome, recently-divorced, Daniel, she thinks he could be just what she needs. But why can't she shake the feeling that he must be too good to be true?

Will she ever be able to take that leap and trust again?

An uplifting read of love, loss and finding yourself from top 10 bestseller Jessica Redland.

This book was previously published as *Getting Over Gary*

What readers are saying about *Finding Hope at Lighthouse Cove*: 'This book is a thoroughly entertaining rollercoaster ride full of emotion. One moment I would be laughing, the next reading through eyes blurred with tears, this story really has it all!'

'For anyone who has or is facing difficulties in life, reading this may give you a strength you never knew you had and that little thing called hope. A truly captivating, highly enjoyable read'

'Jessica Redland clearly has a knack for writing and is able to successfully hook readers into her story' Elle's Book Blog

Carla Johnson-Hicks says

I am thoroughly enjoying the Whitsborough Bay Series by Jessica. First, let me say that you do not need to read this books in order (I didn't), but if you get the chance to read them that way, then I would recommend that. This is Elise's story and what a story it is. Elise married Gary, her highschool sweetheart while still in University. She has wanted to start a family for years, but it has not happened yet. When she begins pushing, she realizes something seems to be wrong, but is not sure what it is. Walking in on Gary and someone else is the nail in the coffin for their marriage, but what is Elise to do when ending a twelve year marriage. If you want to know more, then grab this book, put up your feet and enjoy.

I love the characters in this series. They have know each other for years and have wonderful, supportive friendships. Even the new characters fit in well and I love the interactions between them. Elise is in rebound mode and definitely makes some decisions that are not the best, but each decision gives her an adventure and something to think about. While reading this one, you will go through the gamut of emotions from sadness to anger to laughter and even happiness eventually. The dialogue in Jessica Redland's books often has me laughing. This was a well-written and plotted book with great characters, some angst, wonderful relationships and an uplifting ending. I definitely recommend you pick up this book and the rest of the series and read them sitting outside enjoying the world.

Shalini says

Another Jessica Redland, and another story filled with emotions. This had quite a few challenges for the main character Elise who really had to jump through the hoops for her HEA.

Elise had it all, family and friends. Then came reality. She discovered the truth about her husband, then had to deal with her broken dreams, a short lived affair, and a crush, and long stand-standing friendships. A secret was also on the way.

Ooh this book gripped me as much as a thriller would. I was in awe of Jessica's writing as she not only filled the book with emotions, she made her character grow a spine down the pages. Every chapter had Elise dealing with a new event in her life.

New friendships with Clare and Stevie developed, and I loved how the other characters too returned to be a support to Elise. For me the book worked as a standalone as the author provided enough backstory to anchor the characters.

Every book of this author is a treat to read. They not only soothe my soul, but they are fun and entertaining. This story too pulled at my heartstrings, and I was completely immersed in Elise's life. Strength and friendship was the backdrop of the book, and that made this a wonderful read.

Favorite Quotes:

“‘I’m not ready for sleep yet.’ I tried for sultry. I think I managed slurred.”

“I think your gaydar may need some fine-tuning now that you’ve crossed the border. I think it’s still in Scottish frequency.”

“He swiftly removed his shirt, revealing a ripped stomach. A group of giggling girls wolf-whistled as they passed. Curtis licked his finger then rubbed one of his nipples with it in an extremely camp Austin Powers-style pose.”

“The minimum age was late-fifties and the dress code was beige.”

“And she also said that if I mess you about, she’ll never order from me again and she’ll rip my bollocks off and mount them in her next floral arrangement. So please don’t tell her I was late because I’m a little bit scared of her right now.”

“Right now, you’re about as much use as a one-legged cat trying to bury a turd on a frozen lake.”

My Review:

Getting over Gary teetered from light-hearted and witty, to serious and thoughtful. The subject matter could have been heavy and angsty, although I enjoyed the hits of levity as the story unraveled realistically with a multi-layered progression, while still managing to remain entertaining. The characters were quirky, interesting, and likable, and I enjoyed following them around. The premise was relevant and current while the plot took several unpredictable and surprising turns. I was occasionally frustrated with Elise yet, being a fellow procrastinator, I understood her all too well. This being the second book in the series, I am feeling the pull to go backward and read the first book and accompanying short stories as well, although this volume stood well on its own legs.

From Reader Review Finding Hope at Lighthouse Cove for online ebook

From reader reviews:

Tracey Egan:

Book is to be different per grade. Book for children until eventually adult are different content. As we know that book is very important normally.
